Red Stag - Fishing & Walked Up Hunting

Sunday 22 September to Sunday 29 September 2024

Fully catered accommodation for up to 6 persons at the Monarchs Lodge in Glen Lyon with cook and all food included. 10 red stags have been allocated for the week with the lodge and can be hunted on a 1:1 or 2:1 basis at the estate. There may be the opportunity to shoot additional stags at the cost shown below in "extras".

Fishing is included on the private stretches of the River Lyon which is just below the lodge. It is a spate river (a river which favours higher water conditions to allow the fish to migrate upstream) and the last week of the season. If there is water, this is a great opportunity for the guests to try their hand at fishing.

The cost for the above as detailed will be £22500 including VAT.

The location of this estate and house is very scenic indeed and has over 6,500 acres (2,600 ha) of outstanding stalking country, with a high density of deer drawn in by good vegetation and shelter. The topography is steep in places, with burns, corries and gullies to assist with getting close to the deer and into position for a shot. The location between Glen Lyon and Loch Tay also provides breath-taking views.

Monarchs Lodge offers 7 twin bedrooms and 1 single, plus an en-suite bedsit on the ground floor which is normally used for a cook/chef. 4 of the twins are en-suite (with baths and showers), and the remaining 4 bedrooms share 1 bathroom between 2 adjacent bedrooms (and 2 of the 4 have basins). The dining table seats 12 comfortably and the 2 living rooms with fire pit and sofas are the perfect place for a well earned whiskey after a long day of hunting.

It is quiet and remote but also has lots of opportunities for sight-seeing, culture, retail therapy and day trips within a hour by car. It is around 2 hours form Edinburgh by car.

As mention above, Salmon and Trout Fishing is also available on the estate. A ghillie and equipment hire can be added for extra cost. The estates will not release their bird shooting dates / prices for 2024 until around February March in 2024 – therefor the daily price for walked up shooping is an estimate.
